

*Love explained everything to me,
love untangled everything -
that is why I cherish this Love,
wherever it might be.*

John Paul II

*For everlasting proof of the highest recognition
gratefulness and love to our
Beloved Parents*

Dear parents!

*For the hardships of each day, for sacrifice, for patience
and for love, thanks to which we could grow up,
and which every day gave us wings,
We thank You with all our hearts.*

*There wouldn't be today and there wouldn't be our love,
if it wasn't for You. It was You who taught us to love
and be loved. To You we owe our life,
our love and our happiness. God bless You for that!*
